

King County

Proposed Updates to Strategic Technology Plan: **Strategy for Open Data**

Strategic Advisory Council Meeting
April 2, 2010

Countywide Approach

- ❑ Develop a countywide policy direction for open data
- ❑ Consideration points:
 - Unified countywide approach versus independent approach
 - Conduct pilot and evaluate results prior to deployments
 - One countywide business case and one countywide operation model approved before proceeding with deployments
- ❑ Proposed Timelines:
 - Policy Development - December 2010
 - Pilot during May - December 2010
 - Countywide business case and operating business model - Q1/2011
 - Commence countywide deployment - Q2/2011

Consolidated Feedback from Members

- ❑ Feedback received in advance of the meeting focused on:
 - Importance of collaborative process for developing an open data policy
 - SAC endorsement for policy development

Advisory Discussion

- ❑ The following members have volunteered to discuss in more detail
 - Stuart McKee
 - Hugh Taylor - Tarik Reyes on behalf of Hugh Taylor
 - Sheriff Rahr - Kelly Furner on behalf of Sheriff Rahr

SAC Endorsement

1. Moving forward with a collaborative process for developing an open data policy
2. Include a strategic objective for Open Data in the Strategic Technology Plan 2009-2012
